

WESUBSEA LIFTING FRAME FOR CONCRETE MATTRESS

We supply easy to use and certified lifting frames for concrete mattresses.

- DESIGNED AND CERTIFIED TO HANDLE CONCRETE MATS WITH A MAXIMUM WEIGHT OF 24000 KG
- GROSS WEIGHT: 1500 KG
- FOOTPRINT, LxW: 6000 MM x 2200 MM

CONCRETE MATTRESSES

The concrete mattress is manufactured with the maximum quality concrete available, moulded into block mattresses with a Danline 14 mm / 22 mm UV stabilized polypropylene rope (dependent on dimensions).

It's designed with a brick pattern matrix and offers a high degree of flexibility permitting it to follow the contours of the pipeline, umbilical and seabed.

- LxWxH: 6000 MM x 3000 MM x 150 MM
- WEIGHT: 4900 KG
- LxWxH: 6000 MM x 3000 MM x 300 MM
- WEIGHT: 9800 KG

We can also design special mattresses of different types and sizes according to your wishes eg:

- Mattresses with centre element.
- Mattresses with PE-HD 500 plates.

Through our network of partnerships we are able to supply our products and services globally for rapid mobilisation
